As usual. Empty document. This is quite cool.....

'The perfect girl is waiting for me'.

TheWheelleBinBandit

Well, thats what someone said to me. I don't know if I believe it or not just yet. There

are a lot of girls out there and it's pretty impossible to speak with and 'get to know' some

of them. Some weird guys don't really care for the 'get to know' part. I know guys who've

Is that what really separates people who have long periods between partners and people who

TheWheelleBinBandit

don't go a week without a date? Are people who favour long-term relationships sub-

consciously seeking a partner to make up for their own feelings of insecurity? Are people

Dan Kuehling TheWheelleBinBandit

who don't settle less forgiving of flaws in others due to a flaw perceived in themselves? I

TheWheelleBinBandit

like long-term relationships, but I can't say I feel 100% secure. Do I fear the hurt of a

TheWheelleBinBandit

cycle of meet-date-breakup? Yes. I don't like the idea of that at all. I want a girl

TheWheelleBinBandit

who'll be there for me like I am for her. Is that all that's preventing a lot of women from

TheWheelleBinBandit

dating more often? If it is then shame, shame on us all. We'll all end up getting killed

TheWheelleBinBandit

over some damn silly argument because people can't find someone to love.

TheWheelleBinBandit

I dunno. But it won't be here in a week and I feel a lot better.

I see.

The basics are: sex is not an object that you can get and keep forever. Love is an event,

that begins, lasts for a while, and passes. If you're lucky, you can actually make love last

until you, or the person you love dies, but that doesn't happen very often -- if for no

other reason, then because people change and their ways can split with time.

Michat

One should enjoy and nourish love, but it's not possible to make sure it will last forever.

Michat

Oh well, bummer ;)

Michat

But it is possible to grow together and stay in love:) Well, at least the few it does work
